

Invites Your Family!

When?

Please join us: (Camp dates and type to be determined)

What can I expect?

Building for Babies ranch has a large cafeteria and will be providing meals for as long as you choose to stay. Bunk rooms are set up for you and your family. Hunting, fishing, boating, hiking, and many other outdoor activities will be available. Bible studies, and other activities will be done on site, but please purchase any hunting licenses prior to the camp. If you need more info on tags or licenses, contact Buildings for Babies at, (303) 663-8707 the Ranch phone number in Missouri is: (417) 778-6035. Fishing Licenses are not required since Buildings for Babies Ranch is Private Property.

Building for Babies Ranch is a working family ranch and strongly believes that the best way to strengthen family relationships is for families to work beside each other, we will have some family work projects and activities in mind for you.

Buildings for Babies Ranch Goals

Although 2009 will be the first year for the Buildings for Babies Ranch, our goal is to ultimately be a self sufficient ranch where families can come and experience the aggregarian lifestyle. This will give us the ability to allow the women and young ladies to see what it would be like to gather fresh eggs and milk, and all other provision for meals from the land, while the fathers and young men can experience the rewards of harvesting game, ranching and completing construction projects together.

Ranch History

The Buildings for Babies Ranch has a lot of history behind it, and if you would like a tour of the main stone house, they will be available. There will also be a museum behind the stone house if you are interested.

The Ranch is composed of over 1,700 acres and has 3 miles of river frontage perfect for fishing, but also has several ponds on the property, out of which, you could catch 3lb bass! The ponds also have other varieties of fish such as Crappie, Perch, and Blue Gill.

There are beautiful places on the property for friend or family walks, and a spring that comes flowing out of the ground. Prepare for the time of your life!

What to bring:
